

Book your personalised island exploration, a photo or film shoot

Yoeri Bulk and Nicola Jaeger run a **local, award-winning** company, **Devocean Pictures** (devocean-pictures.com). We offer **creative content development** (writing, filming, photographing, editing, translating and more) as well as **personalised island explorations** for people interested in **photography and filmmaking** while diving into the nature and history of Statia.

Our work has been used in numerous promotional films, documentaries for conservation programs, productions for NGOs, and educational as well as travel **programs for German, Dutch, Swiss, Egyptian, and Philippine** broadcasting companies as well as **online and offline magazines and other publications**. On Statia, we find peace and quiet and use our deep **connection to nature as an inspiration to create** our own pieces of art. Besides, we use artistic, natural, and up-cycled materials to **craft unique souvenirs and decorations**.

Having worked as **dive experience managers and (photo/film) instructors** in hospitality businesses around the world for more than 10 (Nicola) and 25 years (Yoeri), we truly enjoy **sharing our knowledge and passion**. Therefore, we create **customised tours – walking, hiking, trail-running or snorkelling** – to get you in touch with **your inner artist** and let you connect to the **island essence**. Depending on your personal preferences and background, we **design the most suitable tour for you**.

You decide what to focus on. Any particular landscape or natural habitat? Gorgeous island views? Certain animals, flowers, or plants? Secluded bay or beach?

Natural or historic landmarks, or a combination thereof? No matter where we go, we always provide **tips regarding camera settings, depth of field, positioning, lighting, framing, composition, artistic use of light, blur, colour, and much more**. As we are planning the routes according to your wishes and take all the time that is needed or wanted to get to a place or subject, **we charge**
